- Build pipelines are underway and progressing as expected.
 - TRSS server required restarting and is now operating as expected.
 - Jenkins appeared to be running slowly, but is now running at normal speeds.
 - There seems to be a capacity issue with Alpine x64 builds, this will be flagged in the retrospective for future releases for consideration of increasing capacity.
- Update on GHSA-xrvg-mgj7-p5wh.
 - Non this week
- AoB
 - Lan wished to share a successful collaboration story with the PMC, as documented at <https://github.com/adoptium/infrastructure/issues/3851>
 - i. Lan thanked all involved for helping to resolve this issue, and flagged it as a good example of collaborative working in the project.
