

Adoptium Project Management Committee Agenda & Minutes

“The PMC as a whole, and the PMC leads in particular, are ultimately responsible for ensuring that the Eclipse Development Process is understood and followed by their Projects. The PMC is additionally responsible for maintaining the Top-Level Project’s charter.” [\[ref\]](#)

Date: 2025-July-02

Agenda:

- Approval of [minutes](#) of the June 18th meeting.
- Approval of [statement](#) for the June 25th meeting.
- Review of outstanding actions.
- Review of GitHub [issues](#) and [discussions](#) flagged for PMC agenda
 - JDK install on Ubuntu fails with HTTP 403 ([support#554](#))
 - Re-locate Jenkins Release Archive Storage To Free Space On Jenkins ([infrastructure#3965](#))
 - Support of Microsoft Windows Server 2025 ([support#1193](#))
- Changes in Temurin Compliance project membership, and dry-run release progress.
- Update on GHSA-xrvg-mgj7-p5wh.
- AoB

Action items:

Date	Description	Status

Attendees

- ☒ George Adams
- ☐ Stewart Addison (apologies)

- ☒ Carmen Delgado (guest)
- ☒ Tim Ellison
- ☒ Scott Fryer
- ☒ Severin Gehwolf
- ☒ Shelley Lambert
- ☒ Andrew Leonard
- ☒ San Hong Li
- ☒ John Oliver
- ☐ Martijn Verburg
- ☐ Lan Xia

Meeting called to order at 14:03 BST

Minutes:

- Approval of [minutes](#) of the June 18th meeting.
 - Approved.
- Approval of [statement](#) for the June 25th meeting.
 - Approved.
- Review of outstanding actions.
 - None.
- Review of GitHub [issues](#) and [discussions](#) flagged for PMC agenda
 - JDK install on Ubuntu fails with HTTP 403 ([support#554](#))
 - i. No update at this point from JFrog.
 - ii. Could ask JFrog to remove the SaaS URL feature for our account.
 - iii. Raise an issue with Eclipse infrastructure to formally make the request for follow-up.
 - Re-locate Jenkins Release Archive Storage To Free Space On Jenkins ([infrastructure#3965](#))
 - i. Jenkins is running short of storage space and we are rapidly near our limits.
 - ii. Proposal is to move little used data to cold storage to release primary storage for new releases. This will impact the next release.
 - iii. Will require creating disks on the primary Jenkins server. Plan to increase existing disk space then work on an archive solution.
 - Support of Microsoft Windows Server 2025 ([support#1193](#))
 - i. Still waiting on the provisioning of machines into the test farm.
 - ii. These are already going out for Docker containers. Potential to run AQAvit on them to get further assurance.
 - iii. Would prefer dynamic provisioning of these machines to get the coverage.
 - iv. Requires an infrastructure issue to ensure the provisioning is completed. Scott will create this. Shelley will make AQAvit changes.
- Changes in Temurin Compliance project membership, and dry-run release progress.

- Membership of the compliance project has been updated to reflect the change of affiliation for a number of committers.
- Meeting scheduled for today to review the work that has been undertaken, with a view to ensuring a clean release process in July.
- Need to select a release manager for the July release, to work with Derek in compliance.
 - i. Expected to see some churn in the Microsoft associate membership, and plan to update the members as soon as possible.
 - ii. New members should be onboarding with Eclipse accounts, ECAs, and committer election to the compliance project.
- The console for reporting the compliance progress has been put in place to report on condition of compliance externally as part of a pipeline, and automatic re-runs of failures.
- Update on GHSA-xrvq-mgj7-p5wh.
 - None
- AoB
 - Rewrite of the Adoptium website is underway and being served up to users.
 - i. This is an implementation change and should not result in functional or content difference to users. Expect to see performance improvements, and longer caching.
 - Meeting minutes
 - i. Proposal to use markdown for minute taking and be able to host them on the website rather than via Github.
 - ii. Attendees would need to edit the markdown directly to add comments etc.
 - Adding Dan as a Temurin project committer
 - i. Shelley asked for an opinion from the PMC about nominating Dan as a committer to the Temurin project based upon his history of contributions to the VDR and mentoring.
 - Derek will need issue triage rights to be able to update the release checklist.

Meeting closed at 14:40 BST
